

# FirstEnergy's Pennsylvania Utilities HVAC Programs

## THE HVAC INCENTIVE PROGRAM

FirstEnergy's Pennsylvania utilities customers have a chance to get reimbursement for installing new, high-efficiency air-conditioning, heating and ventilation equipment. The HVAC Incentive Program is offered to commercial, industrial, governmental and institutional customers of Met-Ed, Penelec, Penn Power and West Penn Power.

There is an easy online application process customers can use to get preapproval before purchasing their new equipment. Start your equipment overhaul today.

To start saving, apply online at [www.energysavepa-business.com](http://www.energysavepa-business.com) or call 844-243-4946.

Met-Ed®  
Penelec®  
Penn Power®  
West Penn Power®  
FirstEnergy Companies

### To qualify for an incentive, HVAC equipment must:

- Be used for ambient cooling only
- Meet or exceed the minimum efficiency rating required for the equipment type and cooling capacity
- Be installed in a facility owned by a commercial, industrial, governmental or institutional customer of FirstEnergy's Pennsylvania utilities.
- Meet additional technical requirements that we can tell you about when you call.

Flat-rate per-unit or per-ton capacity incentives are available for:

- Air conditioners
- Water-Cooled Electric Chillers
- Heat pumps
- PTAC/PTHP

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit [energysavePA.com](http://energysavePA.com)
